

Free Online FASD Training for Educators: Kete into Practice

In response to requests from our kaiako/teachers, FASD-CAN presents a free FASD training course for educators in Aotearoa.

The course will have an emphasis on practical suggestions for implementing best-practice FASD knowledge and strategies in schools and classrooms across the motu. Our aim is to help teachers feel more confident and better able to address the multiple needs of these neurodiverse learners.

There will be ten modules delivered fortnightly online during terms two and three in 2023. The sessions will be held on Thursday afternoons between 3:30 and 5:00pm, beginning on Thursday 27 April.

See below for more information and to register.
